

Defect ID	Defect Description	Steps to Reproduce	Priority	Severity	Status	Created By	Assigned To	Screenshot
1	The user grants location access and the correct location is reflected on the Home page. However, when navigating to the Order page, the location resets to the default "New Delhi" instead of carrying forward the previously granted/selected location.	1. Open Edge Browser and type www.magicpin.in 2. Sign in using already created account. 3. Grant location access on the Home page. 4. Confirm the Home page shows the correct detected location. 5. Navigate to the Order tab/page after adding any item from food delivery. 6. Observe the incorrect location shown on the Order page.	High	Major	New	Divay Garg	Raghavendra BN	
2	On the Home page, under Near Me, scrolling to the category filter shows that only one category can be selected at a time. The user cannot mark an additional category while one is already selected, and the remaining categories are not accessible unless the currently selected one is first unmarked and the tab is reopened.	1. Open Edge Browser and type www.magicpin.in 2. Sign in using already created account. 3. Go to Home tab > Near Me. 4. Scroll down to the category filter section. 5. Select one category. 6. Attempt to select a second filter in the same category without deselecting the first. 7. Observe the behaviour of the filter list/tab.	Medium+ D3	Major	New	Divay Garg	Raghavendra BN	
3	On the Home tab, navigating to Order and scrolling down, applying "Sort by Save%" together with the filter for "Above 70% save" still shows items whose savings percentage is below 70%, which is inconsistent with the applied filter.	1. Open Edge Browser and type www.magicpin.in 2. Sign in using already created account. 3. Go to Home tab > Order. 4. Scroll down to the sort/filter section. 5. Apply "Sort by Save%". 6. Apply filter "Above 70% save". 7. Review the listed items and their displayed save percentages.	Low	Minor	New	Divay Garg	Raghavendra BN	
4	On the Home page, the coupon icon in the top-right corner visually overlaps/hides the Magic Coins count, making the coin balance not visible to the user.	1. Open Edge Browser and type www.magicpin.in 2. Sign in using already created account 3. Open the app Home page. 4. Observe the top-right corner of the screen, near the coupon icon and Magic Coins indicator.	Low	Minor	New	Divay Garg	Raghavendra BN	
5	The "Around You" option in the navigation bar on the Home tab displays the generic label "India" instead of the user's specific city/locality, even though location access has been granted.	1. Open Edge Browser and type www.magicpin.in 2. Sign in using already created account 3. Grant location access to the app. 4. Go to the Home tab. 5. Click the "Around You" label in the navigation bar 6. Observe the location beside the pin icon	Medium	Major	New	Divay Garg	Raghavendra BN
